The middle of Harry Potter 7

I'm perfectly sure, what Lord Voldemort will say in the middle of the new Harry Potter: Voldemort: Dumbledore never told you what happened to your father

Harry: He told me enough. He told me you killed him.

Voldemort: No. I am your father.

Harry: Nooooooooooooooooooooooooooooo.....And Herminone is Harrys sister given to muggles to protect her from the deatheaters.

I don't think so. The idea is nice, yes, but it wouldn't make any sense. Firstly, Harry is told that Voldemort killed his father first, went to his mother afterward, and finally tried to kill Harry.

Secondly in HP6 Voldemort steals Harrys blood so that the love of his mother ("the old magic") doesn't protect him any more.

aaah genau etwas viel Star Wars ich mein ok die Idee hatte ich auch schon aber ähem ist Harry Potter nicht immer noch ein Kinderbuch und das denk ich mal wäre zu hart mmmh... und warum hätte James Potter seine eigene Frau lieben sollen, seinen Namen von Tom Verlost Riddle in James Potter ändern sollen und seinen eigenen Sohn umbringen wollen?
