Oracle Solaris 11.3 Cheatsheet

Four year ago i wrote the Solaris 11 General Administration Cheat Sheet. Last year there was an vastly extended update for Solaris 11.2 and i gave it to Glynn Fosters and Harry Foxwells for their really great Solaris 11.2 Administration book. Now the 11.3 update is public as an pdf for everyone. You find it at <http://www.oracle.com/technetwork/server-storage/solaris11/documentation/solaris-11-cheat-sheet-1556378.pdf>

Hope it helps
